| STATEMENT BY FIRM | <p>Sevee & Maher Engineers, Inc. (SME) is a full service civil engineering firm. Our professional services include: Civil, Environmental, Geotechnical, Hydrogeologic, Wastewater, Stormwater, and Landfill Design Engineering as well as Environmental Site Assessment, Environmental Management and Compliance, Site Investigation and Remediation, and Water Resource Supply services. SME's capabilities also include low altitude aerial surveys with our licensed UAV (Unmanned Aerial Vehicle) and GIS services. Since 1985, SME has provided quality and timely professional services to an extensive array of public and private sector clients in Maine, New England, and the east coast. SME's 43-person staff of engineers, scientists, and technicians includes Registered Professional Engineers, Licensed Site Evaluators, Certified Geologists, and LEED AP BD+C professionals. A majority of our work comes from repeat clients, who value SME's technical expertise, creative problem-solving, communication skills, and excellent rapport with State and Federal regulatory agencies. We take pride in our work, and we go the extra mile to make sure that the project result matches our client's intended outcome. Clients will work directly with senior staff throughout the job. The result: practical and often innovative solutions grounded in common sense.</p> |
